

Needs and ease questionnaire

Stage 1: Choose the skill below that is most useful for you and write a number 10 next to it in the “need” column then choose the skill that is least useful and write a 1 next to it in the “need” column

Stage 2: Fill all the other “need” boxes with numbers between 10 and 1 depending on how useful they are (you don’t need to use every number)

Stage 3: Mark a 10 in the “ease” column of the thing that you find easiest and a 1 in the one that you find most difficult

Stage 4: Mark a number between 10 and 1 in all the other “ease” boxes
